GRACE FAMILY CHURCH

10/16/19

Dear Grace family church,
Since high school I have been preparing to be a graphic designer. In high school I received certifications from Adobe for the programs Photoshop, Illustrator, InDesign, and Animate. I also received Adobe's Visual Design Specialist certification for obtaining certifications for Photoshop, Illustrator, and InDesign. All of which are used throughout the graphic design field. I feel these skills would make me a great edition to your creative team.

Sincerely,
Francesco Guerrieri
